

Subject Topic	EdWISE PROGRAM - OUTLINE OF PAEDIATRIC SIMULATION MODULE
Framework Profile	Programme: EdWISE Module P1: Triage of Children
Associated E-Learning tutorials	<ul style="list-style-type: none"> • What is involved in a service for children • Triage and handover • Approaching children in the ED • Interacting with parents of sick children
Simulation learning objectives	<ul style="list-style-type: none"> • Introduction to paediatric emergency care • Paediatric triage & history taking • Equipment used for paediatric assessment
Target Group	Nurse and medical students
Delivery method	Facilitated discussion and scenario based assessment utilising the high fidelity paediatric manikin and parent actor
Timeframe	60 mins
Resources for session	Projector screen & computer Video Conference Unit EdWISE Paediatric box Ice Sling

Session Structure - EdWISE PROGRAM - PAEDIATRIC SIMULATION MODULE		
Timing	Welcome and Introduction	Resource
5 mins	<p><i>Welcome and Introduction</i></p> <ul style="list-style-type: none"> • Provide housekeeping – fire exits, mobile phone etiquette • Provide a summary of what the workshop will involve and the expectations from participants • Provide a brief summary of your experience and current role and get participants to do the same <p><i>Ground Rules</i></p> <ul style="list-style-type: none"> • Introduction to simulation & confidentiality 	<p>Videoconference unit Participants seated in horse shoe format around VC camera</p>
15 mins	<p><i>Deliver tutorial</i></p> <ul style="list-style-type: none"> • Discuss the principles of paediatric triage • Demonstrate use of equipment & tools required for paediatric assessment • Demonstrate history taking and assessment of a paediatric patient at triage 	<p>Power point presentation</p>

Timing	Familiarisation to Manikin & equipment	
5 mins	<p>Introduce students to Marvin & his capabilities</p> <p>Introduce students to paediatric equipment & tools</p>	Local faculty to familiarise participants to capabilities of simulation equipment
Timing	Simulation – 1-2 participants to complete	
10 mins	<p>Simulated scenario – parent & child arrive at triage</p> <p>Case: 4 year old boy with sore right arm after falling at preschool today</p> <p>Students to take history, assess pt & triage accordingly</p>	
Timing	Simulation – -2 participants to complete	
10 mins	<p>Simulated scenario – parent & child arrive at triage</p> <p>Case: 4 year old boy with cold and increased work of breathing</p> <p>Students to take history, assess pt & triage accordingly</p>	
Timing	Simulation – -2 participants to complete	

Timing	Familiarisation to Manikin & equipment	
5 mins	<p>Introduce students to Marvin & his capabilities</p> <p>Introduce students to paediatric equipment & tools</p>	Local faculty to familiarise participants to capabilities of simulation equipment
Timing	Simulation – 1-2 participants to complete	
10 mins	<p>Simulated scenario – parent & child arrive at triage</p> <p>Case: 4 year old boy with laceration to forehead after falling off scooter</p> <p>Students to take history, assess pt & triage accordingly</p>	
Timing	Summary	
5 mins	<p><i>PPT Slides 13-14</i></p> <p><i>Summarise key messages from session;</i></p> <ul style="list-style-type: none"> • Priorities of paediatric triage • Engaging children before assessment • Listening to parents • Accurate triage according to assessment
